Dear V.III. Bro *Mark*

I write to extend my most sincere thanks, and those of Trevor, for the opportunity to join you and Adrian for such a meaningful and thoroughly enjoyable day on Sunday at the Province of West Kent's Choral Evensong in Rochester Cathedral and, of course, the preceding lunch.

The strong feeling and warmth of the welcome given to us and our wives was a clear and heartwarming indicator of the strong bond between our Districts, not to mention that essential closeness we share with Craft and the Royal Arch. Also very clear, and a joy to be a part of, was the warm and visible bond with women's masonry. Long may all of those genuine bonds continue!

It was a great pleasure to have been present on such a special day and to be part of that public connection with the local community.

A moving, positive, and memorable day of fraternal strength and happiness. Thank you!

Yours fraternally and most sincerely,

Roger
